Rockwell Parts

Rockwell Part - AxleTech International is a leading supplier in the world of specialty vehicle drive-train systems and components along with off highway vehicles. The business prides itself on being its clients' chosen supplier. AxleTech strives to exceed and meet their clients' expectations for quality, service, technology and delivery. They believe in working in an environment which supports the highest integrity with empowered collaboration, along with a unrelenting pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively applying principals of ecological safety and stewardship in how they do business. The company has put various programs in place in order to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to provide them with whatever comments or questions, because they are glad to share and promote this policy with a greater knowledge of their efforts. They are extremely committed to improving and preserving the environment. AxleTech has an EHS program that not just protects the natural world but which even actively protects their employees and neighbors as well.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in designing and manufacturing planetary axles utilized for both military and commercial applications. These applications vary from airport ground support to construction equipment. AxleTech specifically designs axles to meet certain application demands. They have over 1000 various axle specs within their existing offering. With more than one hundred years of skill and history, AxleTech proudly supplies the most complete solution for whatever of your axle requirements. The company is well known in several military and commercial applications. They provide complete axle assemblies used for aftermarket replacement requirements, together with servicing axle needs for OE production. Their high mobility ISAS have further details that could be found in the "ISAS" product collection.
